

Keyboards

(Optima)

THE COMBINATION
OF HARD WORK AND
SMART WORK IS
EFFICIENT WORK. - Robert Half

Why Keyboard Systems?

Optima Keyboards provide an extra level of workstation comfort while at task.

Ergonomically speaking keyboards eliminate the need for users to key or mouse on the surface which can lead to workstation related injuries and user discomfort. By properly deploying a keyboard system tailored to the individuals workstation, the user can fit in their optimum comfort zone while mitigating potential risk for ergonomic claims associated with carpal tunnel syndrome, chronic neck and back pain from over exerting muscles while at task.

Four keyboard mechanisms and five platform options provide ultimate user flexibility in virtually

any work environment. Simply select the mechanism and platform that is the most comfortable for the user. With a range of mechanisms from the seated to the standing position, SpaceCo can accommodate a broad range of user needs. The platforms are offered in a range of sizes and shapes to best fit the workstation. Alternatively, if you need a custom size, custom material or even a company logo imprinted on the board we can provide a solution to suit your needs.

Implementing sound ergonomic practices and principles is paramount to workplace wellness and safety initiatives.

Options

- Optima 1000 mechanism (OP10)
- Optima 3000 mechanism (OP30)
- Optima 3500 mechanism (OP35)
- Optima 5000 mechanism (OP50)
- 24" (610mm) and 27" (686mm) Continuous Platform
- 25" (635mm) and 27" (686mm) Cut Corner Platform
- RP Radius Profile Platform
- Corner Maker
- Corner Bridge
- Scissor Lift 21" (533.4mm)
- Scissor Lift 27" (686mm)
- Vinyl, Gel, Polyurethane wrist rest options for platform
- High profile gel or low profile foam for mouse platforms
- Positive tilt lockout on OP10, OP30, OP35, OP50

Benefits

Optima:

- Security - Secure computer hardware components when not in use.
- Storage - Keyboards and mice are properly stored and positioned.
- Organization - More user friendly and efficient workstation yields increase in productivity.
- Ergonomic - Helps implement sound ergonomic practices and principles.
- Space - Keep keyboards and mice off of usable work space.
- Technology - All platforms fit universally on any mechanism to help with technological advances.
- Environment - Bamboo and environmentally friendly materials available upon special request.

Environmental Design Attributes

Optima:

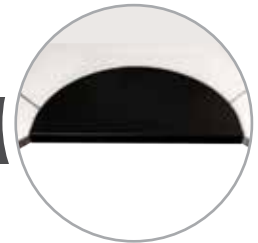

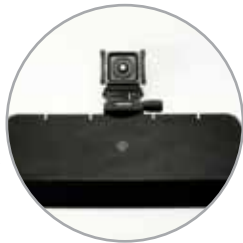

- Recycled content of steel - 25%
- Recyclable steel after use - 100%

Cardboard Packaging:

- Recycled content - 75%
- Recyclable after use - 100%

Plastic Packaging:

- Low density polyethylene
- Recycled content - 30%
- Recyclable after use - 100%

Technical Specs

Exceeds ANSI/BIFMA X5.5 Industry Standard

Optima 1000:

- -15 degrees tilt
- Height below surface, -5.75" (146.05mm)
- Swivel 360 degrees
- 17" track length (431.8mm)
- 12" travel (304.8mm)

Optima 3000:

- -15 degrees tilt
- Height above surface, 2.25" (57.15mm)
- Height below surface, -6.13" (155.7mm)
- Swivel 360 degrees
- 21" track length (533.4mm)
- 12" travel (304.8mm)

Optima 3500:

- -20 degrees tilt
- Height above surface, 3" (76.2mm)
- Height below surface, 5" (127mm)
- Swivel 360 degrees
- 17.75" track length (450.85mm)
- 13.75" travel (349.25mm)

Optima 5000:

- -20 degrees tilt
- Height above surface, 7" (177.8mm)
- Height below surface, 5.5" (139.70 mm)
- Swivel 360 degrees
- 23" track length (584.20 mm)
- 19" travel (482.60 mm)

Continuous Platforms:

- 24" w x 11.5" d (609.6mm x 292.1mm)
- 27" w x 11" d (685.8mm x 279.4mm)

Cut Corner Platforms:

- 25" w x 12" d (635mm x 304.8mm)
- 27" w x 11" d (685.8mm x 279.4mm)

Radius Profile Platform:

- 21.75" w x 10.5" d and mouse platform 9.75" d (552.45mm x 266.7mm x 247.65mm)

Corner Maker:

- 22" w x 12" d x 2.5" h (558.8mm x 304.8mm x 63.5mm)

Corner Bridge:

- 21" w x 11.75" d and mouse platform 9.75" d (533.4mm x 298.45mm x 247.65mm)

Scissor Lift:

- Available in 21" and 27" w x 11" d x 9.25" h (533.4mm x 279.4mm x 234.95mm and 685.8mm x 279.4mm x 234.95mm)
- 1" h when fully collapsed 25.4mm
- 9.25" h when fully extended 234.95mm

Wrist rest options:

- Vinyl, Gel, Polyurethane

Mouse platform options:

- High profile gel or low profile polyurethane foam

Finish options:

- Black finish
